IP2025-0051-2025PriceAdjustmentPureFlo

To: Pure-Flo Distributors (NAR/LAR), IP Employees

Subject: ITT Engineered Valves Price Adjustment due to Tariffs:
Pure-Flo Products – Effective April 11, 2025

As we communicated on February 4, ITT has been monitoring the impact of tariffs imposed by the US Government, including:

- Section 301 China Tariffs
- Section 232 Steel and Aluminum Tariffs
- Recently Announced Reciprocal Tariffs

Given the current and pending material cost increases associated with the combination of these tariffs, ITT Engineered Valves is implementing a list price adjustment on Pure-Flo products as follows:

Product	Valves	Parts
Pure-Flo	5%	5% (diaphragms only)
EnviZion	5%	5% (diaphragms only)

These pricing changes will be effective April 11, 2025. All purchase orders for non-quoted items must be issued to ITT at the new list pricing. Per our standard policy, pricing on outstanding quotes will be honored for 30 days from the date of issue. Orders placed for quotes beyond 30 days will need to be requoted at the new list pricing. All new pricing is listed in United State Dollars (“USD”) and is exclusive of applicable taxes, unless otherwise specified.

Updated valve price sheets will be available for download from ePrism on

Friday, April 11. To access ePrism, request an ePrism account or have your ePrism account password reset, go to www.engvalves.com/distributors.

Please circulate this information to the appropriate personnel within your organization. If you have questions or concerns, or have any problems retrieving the new pricing information, please contact Dave Loula, Director, Global Markets and Products at 717-509-2327 or email dave.Loula@itt.com.

We apologize for any inconvenience caused by this communication and the impacts of these adjustments. We will continue to monitor the tariff situation and update you on further actions as necessary.

Sincerely,

Dave Loula
Director, Products and Markets
Interim General Manager
ITT Engineered Valves

This notice complies with all applicable laws and contractual obligations.
